

As Just.tech, we attach importance to your privacy and security. In this context, we use cookies to improve your user experience, to ensure that you make the best use of our website www.just.tech and limited to our purposes written in the KVKK Clarification text.

As long as you use our www.just.tech website, you are deemed to have accepted the Privacy and Cookie Policy. In this context, it is accepted that you consent to the placement of cookies in this text on your computer or mobile device.

This text contains detailed information about what a cookie is, the cookies placed on your computer and their purposes, how you can delete cookies, and this text has been prepared to inform you about these issues. For this reason; We recommend that you read the Privacy and Cookie Policy carefully.

1) What is a Cookie?

A cookie is an electronic text file that we place on your computer or mobile device in order to increase your user experience, to fulfil our data processing purposes in the KVKK Clarification Text and to ensure your security.

Cookies placed on your browser do not allow access to any information on your computer or mobile device and do not jeopardise the security of your personal information.

2) Placing Cookies and Changing Your Cookie Preference

Internet browsers are usually made available to you in such a way that they automatically save cookies. For this reason, cookies may be automatically accepted by the internet browser you use. If you do not want cookies to be saved or if you want to delete cookies, you can change this preference in the settings of the browser you use with other preferences offered to you.

Cookies enable you to make good use of just.tech by remembering your personal preferences on our website. When you block, delete or change your cookie placement preference, you may not be able to use our website or some features.

Cookies are your own data and can be processed anonymously by your browser when there is no user access to our website. Since cookies are stored by your browser, the Just.tech website is not authorised to manage, modify or delete stored cookies. For this reason, Just.tech website does not have the title of data controller in terms of cookies.

3) Types of Cookies - What are the Types and Why Do We Use Cookies?

Cookies are categorised as temporary and mandatory cookies. Both types of cookies are created by your browser when you access our website and stored in your browser.

In the saved cookies; The traffic data you use, visit duration, visit times, your personal preferences and settings, the device, operating system, language and browser data used are stored to be remembered. This data is used to realise our legitimate interests such as strengthening the infrastructure of our website, getting to know our potential members better, accessing your personal preferences, remembering your registered user information, providing advertising and promotional services and providing the best user experience.

Types of Cookies;

Temporary cookies; It is created and stored by your browser as soon as you access our website. It is deleted by your browser when you leave our website.

Mandatory cookies; It is created by your browser as soon as you access our website and continues to be stored in your browser unless you change your cookie preferences.

Mandatory cookies are permanent cookies necessary for you to use our website. Thanks to these cookies, your registered user session and user settings on our website continue to be remembered. When you delete these cookies, your user information will not be remembered, so you cannot use the areas and sections of our website that are only available to registered users. Mandatory cookies are only used to remember user information, to ensure the continuation of the session, to verify security and user information. Mandatory cookies are not used for advertising, marketing or any other similar legitimate purpose.

Types of Cookies;

Cookies Required for the Development of Infrastructure:

These cookies are used to improve the infrastructure of the website by determining how users use the Just.tech website, to quickly eliminate errors encountered by users, to improve the speed of the website and to close security gaps. Thanks to these cookies, the most accurate and fastest operation of the Just.tech website is ensured.

Cookies Required for Personalisation:

These cookies are used to ensure that users' personalised preferences on the Just.tech website are remembered. Since users can use their personal settings and preferences thanks to these cookies, users' preferences will not be remembered if these cookies are deleted.
